## Bingo Rules

- Your admission price includes one packet with 16 regular bingo games. Additional packets of regular game cards may be purchased for \$5.00.
- Everyone entering the bingo must have an admission ticket.
- A regular bingo is obtained horizontally, vertically, or diagonally. Four corners and postage stamps are not valid bingos.
- A player declaring BINGO must announce it loudly enough to be heard by the caller and raise his/her hand so a volunteer can find him/her and read their card.
- A BINGO is valid only on the last number called. You are not a winner if the caller has already called the next letter/number, which is not in the player BINGO.
- The bingo board is for the player's convenience but not official.
- The bingo caller will verify all numbers to validate each bingo.
- One prize will be awarded per game. In the event of a tie, a call-off will occur between those individuals only. The non-winners of the call-off will be entered into a drawing for a consolation prize.
- Winners must be present for all door prizes and raffles.
- Please be considerate of your fellow BINGO enthusiasts and turn off your cell phone.
